# FRIEND! DR. J. BRADFIELD'S

FEMALE REGULATOR This famous remedy most happily meets the demand of the age for woman's peculiar and multiform afflictions. It is a remedy for WOMAN ONLY, and for ONE SPECIAL CLASS of her diseases. It is a specific for certain diseased conditions of the womb.

and proposes to so control the Menstrual Function as to regulate all the derangements and irregularities of Woman's MONTHLY SICKNESS. Its proprietor claims for it no other medical property;

and to doubt the fact that this medicine does positively possess such controlling and regulating powers is simply to discredit the voluntary testimony of thousands of living witnesses who are to-day exulting in their restoration to sound health and happiness. BEADFIELD'S PENALE REGULATOR is strictly a vegetable compound, and is the product

of medical science and practical experience directed towards the benefit of SUFFERING WOMAN! It is the studied prescription of a learned physician

whose specialty was WOMAN, and whose fame became enviable and boundless because of his wonderful success in the treatment and cure of female complaints. THE REGULATOR is the GRANDEST REMEDY known, and richly deserves its name: WOMAN'S BEST FRIEND. Because it controls a class of functions the various derangements of which cause more ill health than all other causes combined, and thus rescues her from a long train of afflictions which sorely embitter her life, and prematurely end her existence.

Oh! what a multitude of living witnesses can tes-

tify to its charming effects. WOMAN! take to your confidence this PRECIOUS BOON OF HEALTH! It will relieve you of nearly all the complaints pecu-tiar to your sex! Rely upon it as your safeguard for health, happiness and long life.

Price-Small size, 75 cents; Large size, \$1.50. Sold by all Druggists. Prepared only by

A commercial traveller told a good story, and a true one, a few days since. He said that a prominent merchant whose ways were at times "quite peculiar," and who resided not a thousand miles from the "City of Salt," walked into the carpet room of his extensive store one day and found one of his clerks exhibiting some ingrain carpets to an aged country couple who had strayed into the store.
